

Next Generation Self-Leveling Construction Laser

RL-H5A

Proven reliability on any job site
with long-range consistency and
ease of use

Next Generation Self-Leveling Construction Laser

Long-range operation (800 m)

Smart long-range receiver

Simple, intuitive manual slope capability

±10 Arc second horizontal accuracy

±5 Degrees self-leveling range

Up to 100 hours battery life

Long-range high accuracy laser

With great distance and high-accuracy, the RL-H5 Series is simple to use for checking elevations.

Easy to use

With electronic self-leveling, you press the power button and go right to work in seconds. If the RL-H5A gets disturbed on the job it relevels itself automatically. The self-leveling motors are accurate to ±10 arc seconds.

Long range operation

Need to shoot elevations up to 400 m from your laser? No problem — this instrument has the power and range to cover a 800 m diameter job site.

Long battery life

The RL-H5A gives you the option of up to 60 hours of continuous usage with the rechargeable battery pack or 100 hours with (4) D cell batteries.

All weather dependability

With the IP66 rating, the RL-H5A is “job site tough” and can withstand dust, a sudden shower and even torrential rainfall.

Key Components

- RL-H5A laser
- LS-80L or LS-100D sensor
- Sensor holder
- Batteries (Alkaline or rechargeable)
- Chargers
- Carry case

Five year guarantee

The RL-H5A laser comes with a Five Year Guarantee. Topcon is backing up this reliable, accurate laser with the best factory warranty in the industry.
